

## ALL-ACRYLIC RESIN FOR ASPHALT BLEED-THROUGH RESISTANT COATINGS

### EPS® 2719

Formulate high-performance roof coatings with EPS 2719, an all-acrylic emulsion designed to minimize asphalt bleed-through in cool roof coatings, while maintaining flexibility and toughness.

#### BENEFITS:

- Exceptional dirt pickup resistance (DPUR)
- Exceptional adhesion to asphalt, PVC, metal and other common roofing substrates
- Exceptional asphalt bleed-through resistance
- Exceptional UV resistance
- Excellent toughness with both high tensile strength and elongation
- Can be used in both basecoat and topcoat formulations
- Made without APEO surfactants
